PRODUCT DATA SHEET

#4906-01

WATER BASE MUSLIN COATING

DESCRIPTION: **MUSLIN COATING** is An extremely flexible, water base flat coating for use on a variety of fabrics. Using a unique combination of vinyl acrylic and elastomeric resins, these coatings are formulated to have excellent adhesion for variety of fabrics. Their elasticity allows the fabric to be rolled for storage without cracking.

RECOMMENDED USES: **MUSLIN COATING** is designed to be used on backdrop materials such as muslin, canvas and other theatrical fabrics. It is pigmented white and makes a great primer coat, white scenic paint. It can be tinted to colors ranging in depth from pastel to medium colors. It is semi-clear, flat, neutral base and may be used as a translucent prime coat on scrims, as a tint base for dark, non-cracking colors, or may be mixed with water soluble anilines dyes to achieve translucent color effect.

APPLICATION: Applied with brush, roller or spray. Do not apply this paint when temperature is below 50 degrees Fahrenheit. Stir thoroughly before use.

TINTING: May be tinted with universal colorants or with Mann Brothers' Vara bond studio colors. Use colorants sparingly to preserve the flexibility of the coating.

DENSITY: 11.8 lb per gallon on white color, varies depending on colors

NON-VOLATILE(Wt %): 67.2 for white color

NON-VOLATILE(Vol%): 53.4 for white color

VISCOSITY: 90 – 105 KU

DRYING TIME: It may be recoated in about 30 minutes under normal atmosphere and application conditions.

THINNING: Thin with water if needed.

COVERAGE: 200 - 350 sq. ft. per gallon., depending on surface porosity and method of application.

CLEAN UP: Flush material, hose and equipment with warm, soapy water. Observe all applicable regulation

V.O.C.: Less than 50 grams per liter.

ENVIRONMENTAL: Consult with regulatory and governmental agencies for allowable usage conditions and disposal methods.

CAUTION : Do not take internally. Avoid contact with eyes, prolonged contact with skin or breathing of spray mists. Use with adequate ventilation. Clean hand and contaminated skins after use.

WARNING: Do not apply if surface, container or air temperature is below **50 degree F**.
