PRODUCT DATA SHEET # 5102 DRY HARD ACRYLIC

DESCRIPTION: Series 5102 Dry Hard Acrylics are water base, hard, very clear, fast drying 100% acrylic resin finishes which provides a protective coating for interior walls and other interior surfaces. Normally used to faux finishes and glazed surfaces. Specially formulated to resist becoming tacky under hot stage lights. Dry Hard Acrylic is available in high gloss or flat.

RECOMMENDED USES: Dry Hard Acrylic is used as a final sealer/topcoat over a variety of interior surfaces such as wood, masonite, canvas and plaster to protect painted finishes. It may also be as a water based glazing medium.

SURFACE PREPARATION: Standard procedures and practices which are normally followed in the painting profession should be used to clean and prepare the surfaces before painting begins. All surfaces must be clean, dry, and free of dust, dirt, grease, rust, loose paint, or other contaminants.

APPLICATION: brushing, spraying

DENSITY: 8.88 lb/gal

NON-VOLATILE(Wt %): 46.1 for flat

NON-VOLATILE(Vol%): 36.8 for flat

DRYING TIME: It may be recoated in about 2 hour under normal atmosphere and application conditions. Overnight dry is recommended before use. Drying time also depends on surface temperature and relative humidity.

THINNING: Thin with water if needed. Over-thinning results the loss of hide.

COVERAGE: 250-350 sq. ft. per gallon. Actual coverage may vary depending surface conditions and application technique.

CLEAN UP: Warm, soapy water.

V.O.C.: Less than 275 grams per liter.

CAUTION : Do not take internally. Avoid contact with eyes, prolonged contact with skin or breathing of

spray mists. Use with adequate ventilation. Clean hand and contaminated skins after use.

WARNING: Do not apply if surface, container or air temperature is below **50 degree F**.
